ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) STATEMENT

At Pacific Hoseflex, we are deeply committed to embedding Environmental, Social and Governance (ESG) principles into all stages of our operations. Our goal is to drive sustainable growth while minimising our environmental impact, fostering a positive workplace culture, and maintaining the highest ethical standards in governance.

ENVIRONMENTAL RESPONSIBILITY

We recognise the importance of protecting the environment for future generations. Our sustainability initiatives focus on reducing our carbon footprint, conserving energy, and minimising waste throughout our manufacturing processes.

We are committed to using eco-friendly materials, implementing energy-efficient technologies and continuously improving our environmental practices. We strive to achieve measurable progress in reducing emissions, water usage and our overall environmental footprint.

SOCIAL IMPACT

We believe in the power of people and the importance of creating a positive, inclusive work environment. We prioritise the safety and well-being of our employees, offering competitive benefits, career development opportunities and a culture of respect and diversity.

We actively engage with local communities, supporting education, workforce development and charitable efforts that make a meaningful difference. Our company fosters a culture of accountability, ensuring that all employees are treated with fairness and respect.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) STATEMENT

GOVERNANCE AND ETHICS

Our dedication to upholding rigorous governance practices ensures that we uphold the highest standards of integrity and transparency in our business operations.

We adhere to ethical business practices, comply with relevant regulations and maintain a robust system of internal controls.

We promote diversity and inclusion within our leadership and decision-making processes, ensuring that our corporate governance is reflective of the values we stand for.

LOOKING FORWARD

At Pacific Hoseflex, we are dedicated to continuously improving our ESG performance.

We believe that long-term success comes from doing the right thing—for our customers, employees and the planet.

By integrating ESG values into our daily operations, we aim to create lasting, positive change while delivering superior products and services to our customers.
